11. Recommendation on the Open Offer, as to whether the Offer is fair and reasonable	Offer Price is in accordance with the Regulations prescribed by SEBI (Substantial Acquisition of Shares and Takeovers) Regulations, 2011. It may be noted that the Open Offer is subject to the commercial and legal risks highlighted in the Letter of Offer dated December 1, 2016. The closing market price of the TC on NSE (being the exchange on which shares of the TC are more frequently traded) as of December 13, 2016 is INR 64.65 per share. The Offer Price of INR 41.01 per share is therefore at 36.57% discount to the above mentioned prevailing market price. For the reasons set out therein, as of the date of this recommendation, IDC is of the view that the shareholders of the TC are advised to independently evaluate the Offer Price and take the informed decision before subscribing to the Open Offer.
12. Summary of reasons for Recommendation	IDC has reviewed the (i) Public Announcement ("PA") dated December 15, 2015, Corrigendum to the PA dated January 28, 2016, Detailed Public Statement ("DPS") dated May 12, 2016, Draft Letter of Offer ("DLoF") dated September 9, 2016, Letter of Offer ("LoF") dated December 1, 2016 in connection with the Open Offer made by the Acquirer/PACs under SEBI (SAST) Regulations. (ii) The IDC notes that at the time of issue of PA, shares of the TC were infrequently traded in terms of SEBI (SAST) Regulations. In such cases, SEBI (SAST) Regulations require the Acquirer/PACs and the manager to the offer to determine the offer price based on customary valuation parameters. In this case, the price was determined to be INR 37.63 per share at the time of PA. (iii) The IDC further notes that the offer price has been revised to INR 41.01 per share (after adding interest enhancements in relation to the indirect open offer in terms of Regulation 8(12) of the SEBI (SAST) Regulations and the delisting offer in terms of Regulation 5A(3) of the (SEBI (SAST) Regulations) for the Open Offer in accordance with SEBI (SAST) Regulations. (iv) The closing market price of the TC on NSE (being the exchange on which shares of the TC are more frequently traded) as of December 13, 2016 is INR 64.65 per share. The offer price of INR 41.01 per share is therefore at 36.57% discount to the abovementioned prevailing market price. (v) In addition to the aforementioned points, the IDC has taken into consideration the valuation report provided by M/s Khanna Kailash & Company, Chartered Accountants dated December 9, 2016, ("Valuation Report") for making the recommendation: (a) the financial and operating performance of the TC in comparison with comparable companies, (b) trading history of the shares of the TC on NSE/BSE, (c) trading multiples of comparable companies and (d) other information generally available in public domain. (vi) M/s Khanna Kailash & Company, Chartered Accountants, is of the view that as of the date of this recommendation, the shareholders of the TC are advised to independently evaluate the Offer Price and take the informed decision before subscribing to the Open Offer. Based on the review of PA, DPS, DLoF, LoF and Valuation Report, the IDC is of the opinion that the shares are not frequently traded at the time of PA dated December 15, 2015, and the Offer Price of INR 41.01 offered by the Acquirers and the PACs is in accordance with the regulations prescribed by SEBI (Substantial Acquisition of Shares and Takeovers) Regulations, 2011. The closing market price of the equity shares of the TC on NSE as of December 13, 2016 is INR 64.65 per share, which is higher than the offer price. Therefore, IDC is of the view that the shareholders of the TC are advised to independently evaluate the Offer Price and take the informed decision before subscribing to the Open Offer.
